
CHARLESTON WRECKED

Luzon

Disaster Occurred While Patrolling the Luzon Coast a Week

of Luzon, was wrecked on a reef off the erly port on the island of Luzon.

Spanish Fleet.

northwest coast Tuesday, November 7.

MANILA, Nov. 14, 1:25 P. M .- The

nited States cruiser Charleston ran

aground near Vigan, on a hidden reef, with 35 fathoms of water on both sides.

She worked her machinery for two days

and nights in trying to get afloat, but, a

typhoon arising, the crew was compelled

to take to the boats and seek refuge on a

small island five miles away. The na-

Lieutenant McDonald and a number

of sailors put off in a small boat and

reached the Callao, which brought them

badly stove, and well out of the water.

The cruiser Charleston is the one

vessel of the navy familiar to Oregon

people. She was built in San Francisco

in 1888, had a displacement of 3730 tons,

was 312 feet seven inches in length, 46

feet two inches in beam, and 21 feet

eight inches in draught. She was of

steel, having two propellers, one funnel

and two masts with military tops. She

She had a complement of 306 men.
